Welcome and Starting Discussion

Fabrizio Ruggeri

Research Director at the Italian National Research Council in Milano

- ISI (International Statistical Institute) Vice-President (2017-21)
- ISBIS (International Society for Business and Industrial Statistics) President (2019-21)
- Editor-in-Chief of Applied Stochastic Models in Business and Industry
- Editor-in-Chief of Wiley StatsRef: Statistics Reference Online

Aims & Scope of ISI SIG on Sport

The aim of this Special Interest Group is to promote the understanding, development and good practice of sports statistics worldwide, with particular regard to the methodological problems involved and the in-field application of methods and models, from three different perspectives:

- a) Scientific research;
- b) Statistical Capacity Building;
- c) Education.
